NEW TESTAMENT/BIBLICAL STUDIES RESEARCH SEMINAR
January to May 2026

Select Wednesdays at 4.00–5.30 pm UK time

During the second half of the academic year, we shall have papers from active researchers, principally from among our research students. This provides a great opportunity to 'try out' ideas in a friendly and critical environment. We shall normally circulate the paper in advance so that you can read it beforehand, and the presenter will then locate the paper in their bigger project and summarise key issues before the majority of our time goes on discussion.

The first two meetings in January are completing our reading of Daniel Fredericks' book *Reframing Biblical Theology: The Eternal Design* (Eugene, OR: Wipf & Stock, 2025). Dan will be joining us on 28 January. You don't need to have joined in previous conversations about the book to attend.

We meet on Microsoft Teams. For the link, please contact Steve Walton at steve.walton@trinitycollegebristol.ac.uk.
